

FISCAL NOTE

SB 3264 - HB 3292

February 20, 1998

SUMMARY OF BILL: This bill appropriates \$100,000 to the District Attorneys General Conference to create a pilot program in three judicial districts to prevent offenders from driving after revocation or suspension of their driver license. These funds would be used to hire or contract investigators to randomly perform surveillance on persons who have had their driver license suspended or revoked due to driving under the influence of drugs, alcohol, or both. Findings would be reported to the district attorney general for prosecution, if appropriate.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$100,000

Increase Local Govt. Expenditures - Not Significant

Increase Local Govt. Revenues - Not Significant

Assumes expenditures for the pilot project will be limited to the appropriation amount specified in the bill.

Impact depends upon the number of persons convicted of this offense and the resulting increased cost to local governments to confine such persons versus the increased revenues to local governments from fines levied and collected under the provisions of this bill.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
